The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-708-449-7373. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.http://www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf.com or call 1-708-449-7373 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$350** individual **$1,050** family (maximum of 3 individual deductibles per family per calendar year)	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. The deductible starts over each January 1. See the chart starting on page 2 for how much you pay for covered services after you meet the deductible and for which services are subject to the deductible.
Are there services covered before you meet your deductible?	Yes. Preventive care.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. **$50** for dental benefits per person and **$50** for prescription drugs per person. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	**$2,000** per individual for PPO medical. **$2,000** individual prescription drugs. **$4,000** family prescription drugs.	The out-of-pocket limit is the most you could pay during the coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance billing, health care services this plan does not cover, deductibles, covered services at non-PPO hospitals and ambulatory surgical facilities or by non-PPO physicians, and copayments for failure to obtain preauthorization for certain services.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. For a list of participating providers, visit www.bcbsil.com or call 1-800-810-BLUE (2583) or call	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance

	the Fund Office at 1-708-449-7373.	billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
